### **FPS Principals Breakfast meeting, Wednesday, Oct. 27th**

We will meet in-person at **Maxfield Education Center, 32789 West 10 Mile Road**, Farmington. (Enter on backside of building) This is a full breakfast from Leo's Coney Island, one of our hole sponsors. Members, please pay \$10. This is our time to show appreciation to all the Principals in FPS as they start the new school year. Come meet and share breakfast with them. (This is a non-hybrid meeting so try and attend if possible.)

### **Cookie Dough Fund Raiser this Month**

Last year we ran this fund raiser and raised \$648 in sales and donations. Attached is information and flyer you can use to promote this with friends and relatives. We need orders with checks into Roxanne Fitzpatrick by October 27. Post it on Facebook if you like. The proceeds will help fund our youth programs. Cookies for the holidays!!

### **10 Things About OI Foundation in 2020**

The Optimist International Foundation is what funds all the major projects of Optimists. Attached is a list of donations by the Foundation in 2020. You can contribute to this through the dime-a-day program by writing a check to OI Foundation for \$36.50. Filling out the attached application and mail it to the address on the application. (Please let me know if you do so I can track your donation. TN)

## **Frequently Asked Questions About Our Shelf Stable Cookie Dough**

**Q. Is it true that your cookie dough can be left out at room temperature for up to 21 days?**

A. Yes. Our cookie dough has been tested and approved for a rating of shelf stability by Eurofins, the worlds largest and most respected food and pharmaceutical testing company. Eurofins employs over 15,000 technicians throughout 190 laboratories in 37 countries. The credibility of our testing process is second to none.

**Q. How is it possible for the cookie dough to safely remain unrefrigerated for up to 21 days?**

A. The key is water activity. Our cookie dough formulation “binds” available water thereby greatly reducing the water activity, which more simply put means little to no room for bacteria to grow.

**Q. Do you add preservatives to your cookie dough?**

A. No, we do not add preservatives to our cookie dough. Some of the ingredients that we purchase may contain preservatives. Examples include chocolate products which almost always have soy lecithin added and natural egg products will contain citric acid to name a couple.

**Q. Do you recommend leaving the product out for extended periods of time?**

A. Our cookie dough is shelf stable for 21 days up to 77 degrees F. For best performance, keep the product frozen to extend shelf life. Our cookie dough ships frozen and can be re-frozen, if thawed. The shelf life is one year frozen and 6 months refrigerated.

**Q. Is the nutritional analysis similar to other cookie dough brands?**

A. Yes, you will find that most of the ingredients used are similar to other cookie dough products. However with so many brands on the market we can't speak for everyone. Our nutrition facts and ingredients are all listed on each box/tub and are available online for you to compare.
